PASTE THESE IN YOUR HAT.

They are all of The New Rules that are Worth Remembering.

Here is a digest of the new rules for 1889. They will do to paste in your hat as they give all the meat of the revision without waiting for the overflow of technicalities and legal corners which will mark the officials phrazing.

The imaginary line has been eliminated from the pitcher's box.

Players must come in from field and seat themselves on player's bench at conclusion of their half in the field.

Game not ended until ball has been returned to pitcher—all runs up to that time to count and batsman to get credit for all the bases he can make on the hit.

Extra player, or tenth man, may take his place in the field at the end of any inning.

Foul tips will not be out.

Bunted balls will not be strikes unless wilfully blocked off foul.

Runner need not touch bases on returning on a foul.

Four balls, instead of five, give a base.

Base runner entitled to take one base without being put out if batted ball hits the umpire on fair ground.

If thrown ball hits umpire runner must return to base he started from.

After a player has been fined once for abusing the umpire that official shall retire said player from game and substitute one of the men in uniform.

The umpire shall not reverse his decision on the testimony of any player or bystander.

Paste 'em in your hat.

SPALDING'S

BASE BALL UNIFORMS

FOR 1889.

During the past twelve years we have, as is generally known, made virtually all the fine uniforms, both Professional and Amateur, that have been worn on the Ball Fields of the United States, and we have yet to hear of the first complaint of either the quality of the goods, or perfectness of fit. We employ what no one has yet been enabled to do, skilled cutters, who can make a dress suit as easily as a flannel shirt. This we could not afford were not our trade world wide and our business large enough to warrant the expense. Two years ago we made the first Jersey Suits ever worn by any ball team. The Chicago Team were so delighted with them as a change suit, that last year not only they, but others adopted this style in connection with their regular flannel suits. The famous "Nadjy" uniform of the New York Team were, of course, our product. These Jersey Suits, which up to date have been solely manufactured by us, are the only ones of that material which we believe will last; at any rate, they certainly will, as experience proves it. Will others? Well, that is hard to answer.

Our Linen Sole Stocking,

Patented, are absolutely a boon to Ball Players. In the hottest of summer weather the feet are kept cool and comfortable, and they are seamless, nothing that can rip about them. Last, our

KANGAROO SHOE.

Guaranteed perfect fit; warranted in every way, and made out of the finest stock that money can buy and by the best workmen that money can hire. Our guarantee on this shoe means that we take all the risk and refund money in case of dissatisfaction. Drop us a line if interested in this subject. Send for samples of flannels and let us answer any question you may think to ask. We will gladly do so without charge.
